

LED STREET LIGHT

Parts	Description
60w led	Epistar LED-Chip
	8m Effective Lilumination Area:9.6*28m ²
	8m Average Lilumination: 13.7Lux
	Surface evenness: >0.6
	Color Temperature: 4000k-5500k
	Color Rendering Index: Ra>75
	Applicable Temperature: -40℃-50℃
	IP Rating: IP66
SunBatteryplate	Working Life: >50000hours
	Materia: Aluminum Alloy
	High efficiency conversion Monocrystalline Silicon
	power 260w, 24v
Battery Type	Cell efficiency : 16%
	Tempered glass+aluminum alloy frame
	2*12v, 150AH
Controller24v	Working Life: 3-5 years
	Applicable Temperature: -40℃-50℃
Others	Function Light +Time Control
	Applicable Temperature: -35℃-50℃
Function	Solar panels stent+enironmentalprotection battery box
	12 hours everyday full power in the cloudy rainy day 4 days still might continuously the normal works
